Nestled amidst idyllic surroundings at the village Fukuchani, Nungwi region, the northern part of Zanzibar Island, our resort offers six self-contained villas, surrounded by a palm grove right on the sandy beach. Each villa has a private swimming pool. The resort includes a welcoming reception, a gift shop brimming with local treasures, a beachfront restaurant serving exquisite cuisine, a bar offering refreshing beverages, and our very own organic garden where we cultivate fresh vegetables and herbs for your culinary delight.

“Moyo Mzuri” means “good heart” in Kiswahili, and this is the story behind our villas.

Our story

“Moyo Mzuri” means “good heart” in Kiswahili, and this is the story behind our villas. We are a mixed group of passionate travellers, Tanzanian and European, joined by love, passion, and a good heart. We aim to bring our guests a unique touch of Zanzibar, inspired by our local knowledge and love for the local community and our neighbors. Unlike many other resorts where the owners are mostly European, we are locals. We speak the language, know the culture, and respect it. We use local resources and products to give our guests a real taste of Zanzibar.

Designed with Zanzibar in Mind

Our villas are a celebration of Zanzibar’s rich heritage. Local materials and handcrafted furniture create a warm and inviting atmosphere, while spacious interiors and private swimming pools ensure your ultimate comfort. All our villas are roofed with local makuti (palm leaves), and all the furniture is designed and built by our local carpenter from recycled old Arab boats called Dhow typical of the Indian Ocean.
